

Holiday Hug Card

Description: Children will create a Christmas card that includes a "Christmas Hug." They will trace each of their hands and cut them out. The hands will then be attached with a piece of yard that is the length of their arms outstretched. The card/hug can then be sent to a loved one that doesn't live nearby. Each child will make a card and hug.

Discussion Questions:

- Who do you think sent the very first Christmas card? (Share the history of the Christmas card.)
- Why do you think people who don't believe in Jesus still love Christmas so much? (Explain that even people who reject Jesus still long for the peace and joy He came to bring. They can feel His

presence for a season without having to invite Him into their lives.

- How can we spread the Good News of the gospel by sending Christmas cards? (Talk about the importance of buying or making cards that depict the true meaning of Christmas. Explain how each one we send is like a little seed planted in the heart of the person that receives it.)
